# The Poltrona Frau Office

## L'UFFICIO COME RACCONTO ABITATIVO

L'articolata collezione di Poltrona Frau trova espressione in numerosi cataloghi, diversi per contenuto tipologico ma omogenei nella filosofia. Tutto muove dalla volontà di creare ambienti raffinati e confortevoli in cui l'essere umano possa vivere piacevolmente i diversi momenti della giornata. La matrice originaria della visione di Poltrona Frau è senz'altro da individuare nell'ambiente domestico e, più precisamente, in una sofisticata idea di comfort secondo la quale le scelte materiche e di dettaglio sono in grado di condurre ciascun abitante in una dimensione rigorosa ed esclusiva. Infatti, seguendo la grande tradizione italiana del saper fare, Poltrona Frau è certa che la nobiltà dei materiali impiegati e l'accuratezza delle procedure realizzative si ponga di per sé come garanzia per la nobiltà del risultato compositivo finale. Chi si sia abituato, stando seduto in un'invitante poltrona o sdraiato su un confortevole divano, al quel tipo di ineguagliabili sensazioni tattili e percettive offerte da Poltrona Frau difficilmente potrà accettare, una volta giunto nel suo ambiente di lavoro, un livello di "ospitalità" inferiore. Per questo, quasi spontaneamente, nel corso di oltre 100 anni di storia è nato "L'Ufficio" di Poltrona Frau. La stessa morbida accoglienza, la stessa perfetta definizione dei dettagli, la stessa matericità che declina pelli sceltissime abbinandole a preziose essenze lignee, a metalli dalle finiture ricercate e a preziosi marmi e pietre e inoltre una gamma di finiture e abbinamenti talmente ampia da garantire una personalizzazione praticamente infinita, consentono di far transitare chi è abituato alla unicità della casa Poltrona Frau in un ambiente ufficio assolutamente adeguato e altrettanto unico. Il sapiente uso della Pelle Frau® in particolare, da sempre garanzia di qualità e durata, introduce nei sistemi direzionali una caratteristica veramente rara nel mondo dell'ufficio.

## THE OFFICE AS A HOUSING TALE

The highly diversified Poltrona Frau collection is divided into a large number of catalogues, different in content yet all sharing the same philosophy. Their underlying common denominator is a desire to create elegant and comfortable rooms that can be enjoyed at any time of day. The roots of the Poltrona Frau vision are to be found in the home and, more specifically, in a sophisticated idea of comfort where the choice of material and detail takes users into an exclusive, discerning dimension. True to the great tradition of Italian savoir-faire, Poltrona Frau is certain that the excellence of its materials and precision of its production processes guarantee the excellence of the final effect. Anyone accustomed to the unparalleled tactile and perceptual qualities offered by Poltrona Frau when sitting in a cosy armchair or lying on a comfortable sofa, will find it difficult to accept a lower level of "hospitality" at work. This is why Poltrona Frau "Office" emerged almost spontaneously during the company's 100 years plus of history. People used to the uniqueness of a Poltrona Frau home can in this way enjoy the same total satisfaction and uniqueness in the workplace, with the same comfort, the same perfect definition of details, and the same material aspect that combines carefully selected leathers with fine woods or metals in sophisticated finishes or precious marble and stone, plus a range of finishes and combinations diverse enough to guarantee practically infinite customisation. Skilful use of Pelle Frau® leather in particular, always a guarantee of quality and durability, introduces into management systems a feature that is truly rare in the office environment.

### CONCEPT

La linea esprime il desiderio di superfici leggere consono alle espressioni architettoniche contemporanee. Il contrasto tra il volume della cassettera-libreria e le superfici sottili del piano di scrittura ed il pannello di supporto, conferisce alla scrivania snellezza ed autorità, elementi caratteristici del management contemporaneo. Il tavolo riunioni riprende lo stesso linguaggio in dimensioni variabili, rettangolare o tondo.

### CONCEPT

The series epitomises the desire for light surfaces that are in keeping with contemporary architectural expression. The contrast between the volume of the drawer chest-bookcase and the slender surfaces of the desktop and the supporting panel gives the desk a streamlined and authoritative feel, distinctive characteristics of contemporary management. The meeting table adopts the same language in variable dimensions, rectangular or round.

# C.E.O. Cube Materials

La forma pura, la sintesi della materia, la solidità di una struttura tecnicamente avanzata. L'essenzialità geometrica unita all'esaltazione dei materiali, la Pelle Frau®, il legno, le leghe di alluminio.

## PELLE FRAU® COLORSPHERE®

Materia principale della serie C.E.O. Cube, la Pelle Frau® ColorSphere® esalta l'architettura dei tavoli riunione, delle scrivanie direzionali, dei contenitori e della libreria con vani a giorno. 73 possibili colori di pelle con cui rivestire il sottomano delle scrivanie o l'intero piano di lavoro, in abbinamento o in contrasto, il mobile cubo e il pannello di cortesia. Ma anche gambe e piano dei tavoli meeting, la cassetiera, i cabinet e la bookcase sono interamente rivestiti in pelle.

## NOCE CANALETTO

Finitura esclusiva delle desk, il noce Canaletto può essere scelto per le fasce laterali del piano di lavoro diversificandolo dal sottomano in pelle. In questo caso anche le gambe sono in essenza come il piano.

## ALLUMINIO LUCIDO

I dettagli che fanno la differenza. Il cubo che sostiene un lato della scrivania è dotato di due cassetti e un classificatore con maniglie in alluminio lucido completi di serratura. Sul lato esterno è dotato di un vano a giorno interamente rivestito in pelle e diviso da una griglia di ripiani in alluminio lucido. Anche il pannello di cortesia, rivestito in pelle, è in alluminio.

The pure form, the blend of materials, the solid, technically-advanced structure, the soul of Poltrona Frau. A combination of clear-cut geometric design and fine materials, from noble Pelle Frau® leather to wood and aluminium alloys.

## PELLE FRAU® LEATHER FROM THE COLORSPHERE®

The main material of the C.E.O. Cube series, the Pelle Frau® leather from the ColorSphere® exalts the architecture of the meeting tables, the executive desks, the storage units and the bookcase with open compartments. 73 possible colours of leather with which to upholster the desk pad or the entire desktop, matching or contrasting, the cube and the modesty panel. The legs and the surface of the meeting tables, the drawer chest, the cabinets and the bookcase are also completely upholstered in leather.

## CANALETTO WALNUT VENEER

An exclusive finish for the desks, the Canaletto walnut veneer can be chosen for the edges of the work surface to differentiate them from the leather desk pad. In this case the legs are also in wood, like the desk surface.

## POLISHED ALUMINIUM

It is the details that make the difference. The cube that supports one side of the desk is fitted with two drawers and a filing cabinet with handles in polished aluminium, complete with lock. Externally, there is an open compartment entirely upholstered in leather divided up by a grid of polished aluminium shelves. The leather-upholstered modesty panel is also in aluminium.

すっきりとしたフォルム、先進的技術を駆使した構築の中で異素材の組合せを活かす。エッセンシャルなデザインが Pelle Frau® ペッレ・フラウ、ウッド、アルミニウムという素材の美しさを際立たせる。

## PELLE FRAU® COLORSPHERE® ペッレ・フラウ® カラー・システム

C.E.O. Cube の主な素材である Pelle Frau® ColorSphere® ペッレ・フラウ® カラー・システムが会議用テーブル、エグゼクティブ・デスク、キャビネット類、本棚のデザインの美しさを際立たせる。立方体および使用者の脚を隠す目隠しパネルの革張りと同色又はコントラスト・カラーを73色の中から選び、デスクパッドやテーブルトップ全体を革張りする事が可能。会議用テーブルの脚、天板、引き出し、キャビネット、ブックケースも総革張り。

## NOCE CANALETTO カナレット・ウォールナット

デスクの高級仕上げ。革張りのデスクパッドを中心に、天板の両サイドの帯状部分に Canaletto カナレット・ウォールナットを組み合わせる事もできる。この場合、脚もウッドとなる。

## 光沢仕上げのアルミニウム

違いはディテールから生まれる。デスクの片側を支える立方体には光沢仕上げアルミ製の取っ手が付いた引き出しが2つとファイリング・キャビネットが付いており、錠前付き。外側に向いた面は覆いが無く、総革張りで、光沢仕上げアルミニ製の格子状棚板で仕切られている。使用者の脚を隠すための目隠しパネルもアルミ製の革張り。

纯粹的外形，丰富的材质，扎实高科技的框架结构，汲取 Poltrona Frau 的精髓。这款桌子是简洁剪裁的几何外形设计与精细材质的完美结合，从引以为豪的 Pelle Frau® 皮革到木材，再到铝合金。

## PELLE FRAU® 色彩系统中的皮革

C.E.O. Cube 系列中最主要的材质便是从 Pelle Frau® 色彩系统中精选出的皮革，进一步提升了会议桌、办公桌、储物单元以及开放式的书柜单元的建筑感。73 种皮革色彩可供挑选，用来包裹桌面的写字区域，甚至是整张桌面，即可以同色，也可以玩转对比撞色，为立方体的储物柜或朴实的侧板选择不同色彩。会议桌、抽屉柜、储物柜以及书柜的支撑脚和表面均包裹皮革。

## CANALETTO WALNUT VENEER CANALETTO 胡桃木贴皮

作为这款办公桌的独特饰面，Canaletto 胡桃木贴皮可以适用于办公区域表面的边缘，用来与写字区域做区隔。在这个款式中，桌脚会采用与桌面一样的木饰面。

## POLISHED ALUMINIUM 抛光铝合金

细节制胜，与众不同。支撑办公桌一侧的立方体单元配备有2个抽屉与1个文件抽，均使用抛光铝质把手，并安装了锁扣系统。不仅如此，我们还额外设计了一个开放式的储物单元，全部包裹皮革，内置网格状的铝合金搁板隔断。在皮革包裹下的侧板也为铝合金材质。

## C.E.O. Cube Desk

Le scrivanie Desk hanno struttura asimmetrica con telaio portante in tubolare e traverse di lamiera di metallo. Nelle foto, il rivestimento della Desk è tutto in Pelle Frau® SC 56 Siena.

The Desks are asymmetric in design with supporting structure in tubular metal and crossbars in sheet metal. In the photos, the Desk is entirely upholstered in SC 56 Siena Pelle Frau® leather.

## CLAUDIO SILVESTRIN

Nato nel 1954, Claudio Silvestrin ha studiato a Milano e ha completato la sua formazione a Londra dove oggi lavora. Si occupa di interni domestici e commerciali, di musei e spazi espositivi e di design per brand prestigiosi. Il suo design austero, ma non estremo, contemporaneo e tuttavia senza tempo, persegue un minimalismo che non è uno stile, ma un modo di essere, una reazione forte al rumore e al disordine. Il suo lavoro è senza tempo, nobile e piacevole, intellettuale e sensibile, solare e tranquillo, attento alla perfezione di ogni dettaglio.

## CONCEPT

Natura e design. Nuovi equilibri materiali e un lusso mai ostentato. Incentrato sulla bellezza naturale di materiali della tradizione artigiana più antica, come pelle, pietra, legno e un design attento alle proporzioni armoniche fra le parti. Il programma H\_0 rimanda a una rinnovata attitudine ad avere cura e piacere per la qualità unica di arredi esclusivi.

## CLAUDIO SILVESTRIN

Born in 1954, Claudio Silvestrin studied in Milan and completed his training in London where he now works. He specialises in domestic and commercial interiors, museum and exhibition space interiors and designs for top brands. His designs, austere but not extreme, contemporary and yet timeless, pursue a form of minimalism. This is not really a style, but a modus operandi, a strong reaction to noise and chaos. His work is timeless, noble and pleasant, intellectual and sensitive, bright and calm, attentive to the perfection of every detail.

## CONCEPT

Nature and design. New material balances and a luxury that is never ostentatious. Focused on the natural beauty of the most time-honoured materials of the artisanal tradition, such as leather, stone and wood, and designs that pay close attention to the harmonious proportions of the various elements. The H\_0 programme is a return to taking care and pleasure in the unique quality of exclusive furnishings.

タイムレスで気品があり心地良く、知性的で感性豊か、明るくて落ち着きがあり、あらゆるディティールの完成度にこだわっている。

## コンセプト

自然とデザイン。素材の新しいパランス、ひけらかさないラグジュアリー。レザー、石材、ウッドのような、古来の伝統工芸で使われて来た素材のナチュラルな美しさを活かし、デザインにおいては各部が調和のとれた均衡を保つよう配慮する。H\_0 プログラムは他に類を見ないほど質の高い家具を作るために手間をかけ、質の高さに喜びを見出す姿勢を新たに示す。

## 理念

自然与设计并存。新材料之间的相互平衡，营造出奢华却不浮夸的感觉。重点突出手工艺传统中那些历经时间洗刷的材质的自然之美，比如皮革，石头或木材，宣扬对于不同元素的应用比例拿捏得恰如其分的设计之美。H\_0 项目是一种回归，对于与众不同的家具给予独一无二的品质关怀与用心。

Il cuoio o la pelle, tre diverse tipologie di pietra, il legno, in essenza e laccato lucido. Scrivanie, tavoli riunione e mobili contenitori.

#### PELLE FRAU® COLORSPHERE® E CUOIO SADDLE

La tattilità del cuoio, lavorato artigianalmente, si esprime nel pattern a quadri, "square", ben visibile sui piani di tavoli e scrivanie e sulle facciate verticali di cabinet, consolle e libreria. Due i colori disponibili, Tortora e Caffè, anche nella versione "liscia". La matericità della Pelle Frau® SC si manifesta invece nella versione "Lac" delle desk come rivestimento per sottomano e gamba di sostegno. Anche il cabinet può essere in pelle.

#### PORFIDO

La bellezza naturale del porfido si riconosce nelle colonne di sostegno di scrivanie e tavoli. Due le pietre utilizzate: Porfido Valcamonica, con colorazioni marrone/viola e Porfido Bianco, con colorazioni bianco/beige.

Leather and saddle leather, three different types of stone, gloss lacquer or veneer woods. Desks, meeting tables and furniture units.

#### PELLE FRAU® COLORSPHERE® LEATHER AND CUOIO SADDLE LEATHER

The tactility of the handcrafted hide is evident in the clearly visible "square" patterns on the table and desk surfaces and on the vertical faces of the cabinets, consoles and bookcases. Available in two colours - Tortora and Caffè - also in the "smooth" version. Meanwhile, the material feel of the Pelle Frau® SC leather comes to the fore in the "Lac" versions of the desks as a cover for the desk pad and supporting leg. The cabinet can also come in leather.

#### PORPHYRY

The natural beauty of porphyry can be seen in the supporting columns of the desks and tables. Two stones are used: Valcamonica Porphyry, with its brown/purple colouring, and White Porphyry, with its white/beige colouring.

皮革、三種の異なる石材、ウッドは木目仕上げと光沢ラッカー仕上げ。デスク、会議用テーブル、キャビネット類。

#### PELLE FRAU® COLORSPHERE® ペレフラウ® のカラーシステム

##### CUOIO SADDLE クオイオ・サドル

テーブルやデスクの天板、キャビネット、コンソール、本棚の正面にはっきりと見て取れる“スクエア”のチェッカー・パターンを通して職人の技で鞣したレザーならではの風合いが表現力を発揮する。色はトルトラとカフェの2色展開、“スムーズ”タイプのレザーでも同じ2色。Pelle Frau® ペレ・フラウ®SCの素材感ではデスクの“Lac”ラックのタイプのデスクパッドや脚部のレザー張りで活かされる。キャビネットもレザー張りが可能。

##### 斑岩、トラバーチン、スレート

デスクやテーブルの支柱には斑岩のナチュラルな美しさが活かされる。使用される石材は2種類: Profido Valcamonica イタリアのカモニカ渓谷産の茶／紫色の斑岩および Profido Bianco 白／ベージュ色の白斑岩。“Lac”ラックのデスクでは Travertino bianco ホワイト・トラバーチンもしくは Ardesia スレートが支柱に使われ、石材のエレガンス際立つ。

皮革以及超厚皮革，3种不同质地的石材，贴面为亮光烤漆或木饰面。有桌子，办公桌及其他家具单元组成。

#### 从色彩系统中挑选的 PELLE FRAU® 皮革以及 CUOIO SADDLE 超厚皮革

无论是桌面或茶几台面 上显而易见的方形图案内，还是在橱柜，控制台或书柜的垂直面上，随时可以感受到手工打磨的原皮触感。有两种颜色 - 驼色或咖啡色 - 同样也有“光滑”的皮革套面款式可供挑选。于此同时，对于 Pelle Frau® SC 皮革的触感来自“Lac”款式办公桌的前端，用该皮革包裹桌面的办公区域及桌腿。储物单元也同样软包皮革。

#### 斑岩

斑岩的自然之美从办公桌与茶几的支撑立柱上可见一斑。这其中，运用了两种斑岩：棕色或紫色的为火山斑岩，而呈现出白色或米色的部分则运用了白斑岩。

## Trust

Poltrona Frau presenta il sistema executive office Trust. Scrivanie, pareti autoportanti e contenitori d'archivio disegnati da Lievore, Altherr, Park, danno vita a un concetto totalmente nuovo di ufficio. Trust è una collezione nata da una profonda ricerca sull'evoluzione del lavoro contemporaneo. Oggi infatti i ruoli sono meno rigidi e gerarchici, a favore di una maggiore orizzontalità delle relazioni. La tecnologia rende sempre più sottili i confini tra casa e ufficio che si ridefiniscono a vicenda, in una fluidità di scenari dove diventa necessario poter alternare oasi di concentrazione individuale, zone di relax e aree di condivisione e incontro.

In quest'ottica, tutti gli elementi Trust sono liberamente combinabili fra loro, adattandosi allo stile di lavoro di chi li abita. Volumi e costruzioni sono aerei, leggeri e insieme materici. Le forme sono morbide, organiche, smussate. Tutto è realizzato in pelle, cuoio e legno, rielaborati a misura di ufficio. L'assenza totale di cuciture, eseguita grazie a lavorazioni magistrali, ha un effetto high tech e contemporaneamente artigianale.

Poltrona Frau presents the Trust executive office system. Desks, self-supporting walls and storage units designed by Lievore, Altherr and Park for a completely new office concept. Trust is a collection that stems from in-depth research into the evolution of contemporary work. Nowadays, in fact, roles are less rigid and hierarchical, with greater emphasis placed on horizontal relationships. Technology increasingly narrows the confines between the home and the office which redefine each other in turn in fluid scenarios where it is necessary to alternate oases of individual concentration with areas of relaxation and places for meeting and exchange.

In this context all Trust elements can be freely combined together, adapting to the working style of the user. Volumes and constructions are airy, light and textural. The forms are soft, organic, tapered. Everything is made from leather, saddle-leather and wood, revisited to suit the office space. The total absence of stitching, thanks to the masterful processing, gives it both a high-tech and artisan feel.

Poltrona Frau が管理オフィス用システム「Trust」を提供いたします。リエボレ、アルテール、パークがデザインしたデスク、シェル構造壁、アーカイヴ収納ケースで構成されたこのシステムは、まったく新しいオフィスの概念を誕生させました。「Trust」は現代における仕事の進化を精査した結果として生み出されたコレクションです。現在の職場

では以前のような固定化した上下関係が薄れつつあり、代わって横の関係が強化されてきています。技術の進歩により、家庭と職場の境界が薄れ、家庭と職場の役割も変わってきました。こうした流動の渦中では、仕事の場が、個人にとって集中できるオアシス、リラックスできる空間、共有と出会いの場になる必要があります。

この観点から見ると、「Trust」の構成要素は、そこに暮らす人の仕事のスタイルに合わせて、すべてを自由に組み合わせることが可能です。サイズも構造もエアリーで軽やかであると同時に材質を活かしたものになっています。フォームはやわらかく有機的で、角は丸くなっています。すべてがレザー、なめし革、木で作られて、オフィスの大きさに合わせて調整されます。優れた細工技術により、ステッチが皆無であるところから、ハイテクな印象が生まれ、現代のアルチザンのわざが感じられます。

Poltrona Frau推出Trust总裁办公室系统。写字台、独立墙、档案柜，由Lievore、Altherr、Park设计，带来全新办公室概念。Trust系列源自对当代工作发展的深入探索。事实上，如今的工作角色不再僵硬，层级关系更弱，平级关系更多。技术令家庭和办公室之间的界限更模糊，两者之间互相转换，在场景流动性中，必须能够在个人专注绿洲、放松区域以及分享和会面区域进行更替。从这个角度出发，Trust的所有元素均可互相之间自由组合，适合所在工作风格。轮廓与构造空灵、轻盈、兼具材质感。外形柔软、有机、角度圆滑。全部采用皮革、鞣制皮革、木材，为办公室量身制作。凭借精湛加工工艺，完全没有缝线，带来高科技和当代手工艺效果。

## Cercle

In un mondo che cambia, la parola condivisione è il nuovo punto di partenza verso un approccio originale agli spazi del lavoro. La serie di sedute da ufficio Cercle già dal nome esemplifica questo concetto.

Cercle in catalano significa infatti “circolo di persone che dialogano fra loro”. Il progetto di Lievore, Altherr, Park è perfettamente coerente con la nuova visione dell'ufficio executive di Poltrona Frau: forme e proposte che vogliono promuovere le relazioni e offrono un design volto a stimolare una modalità lavorativa più adatta ad un manager contemporaneo che opera in spazi aperti, condividendo idee e sommando con gli altri le proprie capacità creative. Nella sedia da ufficio Cercle, lo studio dell'ergonomia è particolarmente

In a changing world, the word ‘sharing’ is a new point of departure for an original approach to the work environment. The series of Cercle office chairs exemplifies this concept starting with its name.

In fact, in Catalan a Cercle is a “circle of people that dialogue with each other”. The project by Lievore, Altherr and Park is perfectly consistent with Poltrona Frau’s new vision of the executive office: forms and ideas that seek to promote relationships and showcase designs that foster working methods more suited to the contemporary manager who works in open spaces, sharing ideas and combining his creative skills with those of his team.

The ergonomics of the Cercle office chair have been studied in particular depth. The syn-

世の中の変化に連れて仕事のためのスペースについて独自のアプローチを考えるなら、シェアリングという言葉からスタートするのが良さそうです。オフィスチェアのシリーズ「Cercle」は名前からしてすでにこのコンセプトの好例と言えるでしょう。

実は「Cercle」とはカタロニア語で「話し合いをする人の輪」という意味なのです。リエボレ、アルテール、パークによるこのプロジェクトは、Poltrona Frauが考える管理オフィス用の新しいイメージにぴったりと沿っています。人間関係を推進し、自らの創造力を結集し、アイデアを共有しながらオープンスペースで働く現代のマネージャーにより適した仕事の仕方を促進するデザインが特徴的な形状と性能。オフィスチェアの「Cercle」では人間工学が特に深く追究されています。シンクロ機構

在不断变化的世界里，“分享”这个词成为新的出发点，思考工作空间的原创视角从此诞生。Cercle办公室座椅系列从名字上便能展现这一概念。

事实上，Cercle在加泰罗尼亚文中的含义是“互相对话的人组成的圈子”。Lievore、Altherr、Park的设计项目与Poltrona Frau的总裁办公室新理念完美契合：其外形与品类以增进关系为主旨，设计目的在于激励一种更加适应开放空间中当代经理人的工作方

La base d'appoggio, disponibile in alluminio verniciato grigio scuro o in alluminio lucido, è composta da 5 razze attrezzate con ruote tipo "W" auto-frenanti morbide o scivoli girevoli. La versione Visitor ha una base d'appoggio a 4 razze sempre fornita con scivoli girevoli.

In the President, Executive, Managerial and Meeting versions, the five-spoke resting base, which is available either in polished aluminium or a dark grey finish, is fitted with soft, self-braking "W" type wheels or with swivel castors. The Visitor version has a 4-spoke base with swivel glides.

座部を支える支柱はダークグレー塗装仕上げ又は光沢仕上げのアルミ製、支柱から脚が5本、車輪の表面がソフト・タイプのセルフ・ブレーキ機能付"W"型キャスター、又は回転式グライダー・キャスター付。Visitorモデルは支柱から脚が4本、回転式グライダー・キャスター付。

Non una seduta automotive e nemmeno di puro arredo e design. Un ibrido contemporaneo dove si incontrano due marchi, due immaginazioni, due filosofie industriali per celebrare i 70 anni della Casa di Maranello. Un nuovo oggetto che offre la traduzione esatta di un sogno in realtà. Una seduta da ufficio che del sedile del pilota capta le valenze emotive, la sensazione di velocità e slancio, la passione della corsa. E riesce a trasmettere la gratificante percezione di come movimenti e posture siano assecondati da schienale e seduta. Know-how automobilistico e cultura dell'abitare si fondono tra loro. Con-

Neither a car seat nor a pure piece of furniture or design. It is a contemporary hybrid that brings together two brands, two imaginations, two industrial philosophies to celebrate the 70th anniversary of the Maranello carmaker. A new object that perfectly translates a dream into reality. This is an office chair that captures the excitement, speed and dynamism of the driver's seat, as well as the passion for racing. And that transmits a pleasant sensation of how the backrest and seat support movements and posture. A blend of automotive know-how and the culture of living.

## DownTown

### JEAN-MARIE MASSAUD

Laureato all'ENSCI nel 1990, Jean-Marie Massaud è fin da subito alla ricerca di sintesi, riduzione e leggerezza. Affronta i diversi aspetti del design: dai mobili ai prodotti industriali, alle attrezzature. Nel 2000, crea lo Studio Massaud ed estende la sua attività all'architettura e alle strategie di sviluppo. Ponendo l'uomo ed il suo ambiente naturale al cuore delle sue creazioni, questo ideatore senza limiti adotta un modo di procedere impegnato e politico e si sforza di trasformare ogni progetto in un'esperienza di vita e in uno scenario economico che riconcilia desiderio e responsabilità.

### CONCEPT

Competente, elegante, senza tempo. DownTown è la poltrona da lavoro dedicata a "decision-makers" esigenti che ricercano comfort e eleganza raffinata. Una seduta tecnica che si rivela una silhouette, fatta a mano dagli artigiani di Poltrona Frau come garanzia di alta qualità. Molto più di una bella scultura, DownTown è una creazione sensuale e distintiva di Jean-Marie Massaud.

### JEAN-MARIE MASSAUD

Jean-Marie Massaud graduated from ENSCI (the French national school for advanced studies in design) in 1990 and from the very outset he has sought synthesis, essentiality and lightness. He has handled all aspects of design, from furniture to industrial products and equipment. In 2000, he founded Studio Massaud and expanded his expertise to architecture and brand development. By placing humanity and the natural environment at the heart of his creations, this free-thinking designer adopts an engaged and political approach, striving to make every project into a life experience and to do so within an economic framework that reconciles desire and responsibility.

### CONCEPT

Proficient, elegant, and timeless. DownTown is a desk armchair specially dedicated to demanding decision-makers who seek comfort and refined elegance. A technical seat that looks like a silhouette; handcrafted by Poltrona Frau as a guarantee of the highest quality. More than a beautiful sculpture, DownTown is a sensual and distinctive creation by Jean-Marie Massaud.

### ジャン・マリー・マッソー

1990年にENSCIを卒業してすぐに、Jean-Marie Massaudは、合成と縮小そして軽さの研究を始め、家具から工業製品や機材におけるまで、デザインの(多様な側面)多面性の考察を行う。2000年には、Studio Massaud (マッソー・スタジオ)を設立し、建築や開発計画にまで活動の拡大。創造の中心に人間と自然環境というテーマを想定し、その限界を持たない考案者は積極的かつ政治的な工程を進める方法を選びつつ、あらゆるプロジェクトを人生の経験として、また欲望と責任感を折衷する経済的なシナリオとして、形を変える努力をしている。

### コンセプト

卓越していて、優雅で、時間効果なしには。DownTownは、快適性と洗練された優雅さを求める、要求の多い“decision-makers” デジジョンマーカ―のために仕事用アームチェアです。技術的に座ってもまるでシルエットの様で、職人の手作業手作りから生まれる Poltrona Frau (ポルトローナ・フラウ)の品質の高さを証明しています。DownTownは、美しい彫刻以上のもの、Jean-Marie Massaudによる官能的で比類のない被造創造的物なのです。

### 让·马利·马沙德

让·马利·马沙德 1990年毕业于 ENSCI (法国高级设计学校) 后，立即致力于综合化、精简化和轻巧化的研究之中。他的设计涉及各个领域：从家具到工业产品，再到设备。2000年创建了马沙德事务所并拓展了其建筑及品牌拓展的业务。以人和自然环境为创意的核心，设计师采取合理的方式将每个项目转变为人生的体验，并在理想的框架下调和需求和责任。

### 理念

干练、优雅、经久耐用。DownTown 是专为寻求舒适、典雅、细腻的决策者而设计的办公椅。专业的办公椅看起来像一件艺术品，由 Poltrona Frau 的工匠手工制作，是高品质的保证。但又不仅仅作为一个艺术品 DownTown 也是让·马利·马沙德 Jean-Marie Massaud 的一个情感上的独特创造。

The President, Executive and Managerial versions are height adjustable and can rotate. # Archibald

### CONCEPT

Partendo dalla sua seduta-icona Archibald, Wallpaper\* Award per la sezione "Best Domestic Design" nel 2009, Jean-Marie Massaud crea un altro piccolo capolavoro, una dining chair di impeccabile eleganza.

La poltroncina Archibald ha un segno scolpito, netto, contemporaneo, ammorbidito da un tocco sartoriale che si rivela in ogni dettaglio: come il ricco movimento di pieghe sulla parte interna dello schienale rivestito in pelle. O l'accento di bracciolo, pensato come un bavero di camicia lasciato leggermente aperto con raffinata, studiaticissima casualità. O ancora le preziose cuciture a contrasto, che sottolineano con sapiente discrezione la linea curva del dorso e dei profili.

Ultima nata della linea Archibald, che dieci anni fa si presentava come rivisitazione attualizzata della classica poltrona a pozzetto inglese, la nuova dining chair Archibald mantiene tutto il comfort della collezione, con un'allure più svelta e disinvolta che la rende particolarmente eclettica, ideale in ambienti contemporanei o, a contrasto, in contesti più classici.

### CONCEPT

Inspired by his iconic Archibald chair, Wallpaper\* Award in the "Best Domestic Design" section in 2009, Jean-Marie Massaud creates another little masterpiece, a dining chair of impeccable elegance.

The Archibald dining chair is sculpted, clean and contemporary, softened with a sartorial touch that is evident in every detail, like the sumptuous folds on the inside of the backrest upholstered in leather. Or the understated armrest that resembles a shirt collar that has been left slightly open with a casualness that is both deliberate and undeniably elegant. Or the precious contrast stitching, which discreetly and skilfully underlines the curved line of the back and profiles. The most recent addition to the Archibald collection, which ten years ago arrived on the scene as a contemporary take on the classic English tub chair, the new Archibald dining chair boasts all the comfort of the rest of the collection but has a sleeker, more casual allure that makes it particularly eclectic and perfect for both contemporary spaces and, conversely, more classic interiors.

### コンセプト

2009年ウォールペーパー賞ベストドメスティックデザイン賞の受賞作であるアイコン的なチェア「Archibald」をベースに、ジャン・マリー・マッソーがもう一つの小さな傑作、完璧なエレガンスが光るダイニングチェアを制作しました。

レザーの上張りを施した背面内側の動きのあるプリーツなど、テーラードテイストのディテールが散りばめられたミニームチェア「Archibald」は柔らかく明快で現代的な彫刻のようなデザインが特徴です。計算されたカジュアルさ演出するやや外側に開いた上品な肘掛けはシャツの襟を彷彿させます。高級感溢れるコントラストの効いたステッチが背もたれと輪郭の曲線ラインを効果的にさりげなく強調しています。英国の古典的なタブチェアの現代リメイク版として10年前に発表された「Archibald」ラインの最新作であるダイニングチェア「Archibald」はコレクションの特徴であるコンフォートを完全に維持しつつ、さらにクレバーで個性的な魅力によって現代的な環境には勿論、よりクラシックな環境にも理想的な非常に機能性豊かなチェアです。

### 理念

由 Jean-Marie Massaud 设计的经典座椅 Archibald 曾于 2009 年获得 Wallpaper\* Award “最佳家居设计” 奖。此次，从这款座椅出发，他又创作出另一款小巧杰作：散发出完美无瑕优雅感的餐椅。

Archibald 小沙发椅具有清晰、当代的雕塑感，因展现在每一个细节里的缝纫元素而变得柔和：例如靠背内侧丰富的褶皱。又如扶手的深层含义，好似衬衫衣领，略微张开，展现细腻而极为考究的洒脱之感。再如珍贵的对比色缝线，巧妙而低调地突显靠背与外形轮廓的曲线。作为 Archibald 系列的最新成员，十年前，这一系列是作为经典英式半圆靠背沙发椅的当代版本而被推出，新款 Archibald 餐椅完整保留了本系列的舒适特点，并具有更加轻盈而从容的魅力，愈显兼收并蓄，是当代环境的理想选择，或者也可放在更具古典风格的环境中打造对比效果。

La scocca e i braccioli della poltroncina Archibald sono in poliuretano rigido ottenuto da stampo, mentre l'imbottitura interna è in poliuretano morbido stampato e ovatta poliestere. Il telaio della seduta è in multistrato di betulla, sempre con imbottitura in poliuretano espanso e ovatta. Il molleggio è ottenuto con molle elastiche. La base a quattro gambe è realizzata in legno massello di frassino nelle finiture tinte Wengé o Moka, con feltrini o scivoli protettivi a scelta sulle estremità. Può essere rivestita in Pelle Frau® o in tessuto. Nella versione in pelle è impreziosita da cuciture a contrasto.

The shell and armrests of the Archibald dining chair are made from moulded rigid polyurethane while the internal padding consists of soft moulded polyurethane and polyester wadding. The frame, also padded in polyurethane foam and wadding, is made from birch plywood. Elastic springs. The 4-legged base is made from solid ash with a Wenge or Moka stain, and has felt pads or a choice of protective guides at the ends of the legs. It can be upholstered in Pelle Frau® leather or fabric. The leather version is embellished with contrast stitching.

ミニアームチェア「Archibald」のボディーと肘掛けには金型成形硬質ポリウレタン、パディングには成型軟質ポリウレタンとポリエステル繊維綿が使用されています。座面のフレームはカバ材の積層板で、発泡ポリウレタンとポリエステル繊維綿のパディングが入っています。スプリング材には伸縮性バネが使用されています。4本脚ベースにはウエンゲーカラーまたはモカカラーに染色されたトネリコ心材が使用されており、脚先には保護フェルトまたはスライドが備わっています(お好きな方を選択して頂けます)。Pelle Frau®またはファブリックでコーティングすることも可能です。レザーバージョンはコントラストの効いたステッチがアクセントになっています。

Archibald小沙发椅的骨架和扶手由模压成型硬质聚氨酯制成，内部填充模压成型软质聚氨酯和聚酯棉。座板框架使用桦木胶合板，同样填充聚氨酯泡沫和聚酯棉。弹簧结构使用弹簧条。四条椅腿使用白蜡木实木制成，并采用鸡翅木色或摩卡色表面处理，末端可以选择小毛毡片或防滑保护垫。表面也可包覆Pelle Frau®皮革或布艺。皮革版本饰有对比色缝线。

## Studio Cerri & Associati

# Donald

### CONCEPT

Pratica eppure elegante, Donald è una sedia pieghevole dalla singolare struttura che ricorda un becco di papero: un arco di compasso in alluminio pressofuso di sezione contenuta, lucido o satinato, che guida e sostiene la seduta e scompare completamente nel suo spessore una volta ripiegata. Disegnata da Studio Cerri & Associati, la sedia pieghevole Donald si presta con grazia ad apparire e scomparire alla bisogna, dando ogni volta una lezione di stile. Nella sedia pieghevole Donald, sedile e schienale sono in materiale termoplastico. Il rivestimento è in Pelle Frau®.

### CONCEPT

Practical yet elegant, Donald is a folding chair made from a single structure that is reminiscent of a duck's beak: a pivoted die-cast limited section aluminium arch, with polished or matt finish, that guides and supports the seat, disappearing completely from view once it is folded. Designed by Studio Cerri & Associati, the Donald folding chair can gracefully appear and disappear on request, each time providing a lesson in style.

The seat and backrest of the Donald folding chair are in thermoplastic material. The upholstery is in Pelle Frau® leather.

### コンセプト

実用的かつエレガント。「Donald」はアヒルのくちばしを彷彿させるユニークな構造を持つ折り畳みチェアです。ダイカストアルミニウム製(光沢仕上げまたはサテン仕上げ)の細いコンパスのアーチが、座面を支えて滑らせ、チェアが折り畳まれると完全に隠れます。

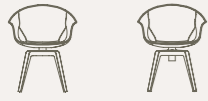

Studio Cerri & Associatiによってデザインされた必要に応じて出し入れ可能な折り畳みチェア「Donald」は、使用する度にそのスタイルをアピールします。

折り畳みチェア「Donald」の座面と背面はサーモプラスチック素材です。カバー材は Pelle Frau®です。

### 理念

Donald既实用又典雅，是一款具有特殊结构的折叠椅，形状好似小鹅嘴：小截面抛光或磨砂压铸铝圆规弧形结构，引导并支撑椅面，折叠之后则完全隐藏。Donald折叠椅由Studio Cerri & Associati设计，能够根据需要优雅地展开或收起，每次都像是一节生动的风格课堂。Donald折叠椅中，椅面和靠背采用热塑材料。覆盖Pelle Frau®软皮。

# Ginger

## CONCEPT

La poltroncina Ginger, disegnata nel 2011 da Roberto Lazzeroni insieme alla scrivania Fred, ha riscosso fin dal suo apparire un immediato e duraturo successo: ancora oggi resta la seduta più richiesta tra le numerose sedie e poltroncine del catalogo Poltrona Frau. Un tratto nitido, essenziale, di raffinata semplicità, disegna un guscio in pelle accogliente e protettivo. La seduta è estremamente confortevole, le forme sono al tempo stesso sinuose e molto grafiche, assicurando la continuità armoniosa tra scocca e basamento. Pensata sia a naturale completamento della scrivania Fred, sia come seduta autonoma, Ginger è perfetta per la zona studio in versione girevole, ideale attorno al tavolo del soggiorno nella versione fissa.

La struttura della poltroncina Ginger è realizzata in polimero termoplastico composito ottenuto da stampo. L'imbottitura della seduta è in poliuretano espanso. Il rivestimento può essere:

- in Cuoio Saddle Extra per la parte esterna e in Pelle Frau® per la parte interna.
- interamente rivestita in pelle Frau®
- interamente rivestita in tessuto Kvadrat by Poltrona Frau.

## CONCEPT

Designed by Roberto Lazzeroni in 2011 together with the Fred desk, the Ginger armchair has been a success since its debut and remains the most popular of all of the many chairs and armchairs in the Poltrona Frau catalogue. Its clean-cut and unfussy profile, sophisticated in its simplicity, evokes a welcoming and protective leather shell. The seat is extremely comfortable, the forms are both sinuous and highly graphical, guaranteeing harmonious continuity between the shell and the base. Designed as both the natural complement to the Fred desk and as a free-standing seat, the swivel version of Ginger is perfect for the study, while the fixed version is reliable favourite for the dining room.

The structure of the Ginger armchair is made from moulded thermoplastic composite polymer. The seat is padded with polyurethane foam. The upholstery is available in:

- Cuoio Saddle Extra leather for the external surface and Pelle Frau® leather for the internal surface.
- entirely upholstered in Pelle Frau® leather
- entirely upholstered in Kvadrat by Poltrona Frau fabric.

Le finiture della base sono frassino tinto Moka o tinto Wengé. Su richiesta, è possibile avere finiture speciali tinte o laccate RAL a campione.

The base of the Ginger armchair is made from solid ash with hook support in black painted steel. ### CONCEPT

Il design della scrivania Fred è un incontro di geometrie leggere, quasi aeree. Roberto Lazzeroni crea un mobile dove il piacere visivo di una superficie continua in cuoio è sottolineato da delicate incisioni e marcature a freddo eseguite a mano, che creano raffinati decori grafici. Un particolare procedimento artigianale permette di ottenere la curvatura frontale del cuoio senza necessità di supporti interni. Compagna ideale della scrivania Fred è la seduta Ginger, progettata per rendere ancora più completa e armoniosa la zona studio della casa.

La struttura della scrivania Fred è in legno massello di frassino tinto wengé o moka, con profilo a sezione triangolare che ne esalta la leggerezza. Stesso materiale e finiture anche per il cassetto che completa la scrivania, montato su guide metalliche con chiusura ammortizzata. Il piano è in Cuoio Saddle Extra ricavato in un unico manto di cuoio spesso 4 mm senza divisioni o cuciture. Il bordo a taglio netto è rifinito con tinta e cera protettiva. Accessori in metallo con trattamento galvanico canna di fucile e vernice protettiva.

### CONCEPT

The Fred desk is a meeting of light, almost ethereal geometries. Roberto Lazzeroni creates a piece of furniture in which the visual pleasure of a continuous saddle-leather surface is underlined by delicate hand-produced incisions and cold markings that create refined graphic decorations. A special procedure makes it possible to curve the front of the saddle-leather without any need for internal supports. The ideal companion of the Fred desk is the Ginger chair, designed to make the study even more complete and harmonious. The structure of the Fred desk is made from solid ash with a wenge or moka stain and triangular cross-section, which highlights its lightness. Same material and finishes also for the drawer that completes the desk, mounted on metal runners with soft closing mechanism. The surface is covered using a single piece of 4 mm-thick Cuoio Saddle Extra leather without any divisions or stitching. The raw edge seam is finished with protective wax and dye. Metal accessories with gunmetal grey galvanic treatment and protective varnish.

デスク「Fred」のデザインのコンセプトはまるで宙に浮いているような軽快な形状の集まりです。ロベルト・ラッゼローニのこの作品では、なめし革の表面がずっと続いて、心地よい視覚効果が、洗練された模様を生み出す手作業で施された繊細なエンボス

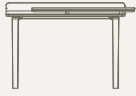

加工とコールドマーキングを際立たせています。クラフトマンシップの特殊な工程によって、内側から補強せずになめし革の表面を湾曲させることが可能になりました。デスク「Fred」の理想的な相棒はご自宅の書斎エリアをより完全にバランスよく演出するためにデザインされたアームチェア「Ginger」です。デスク「Fred」の構造にはウエンゲ

### 理念

Fred写字台的设计是几近空灵的轻盈几何形状的交汇。Roberto Lazzeroni设计的这款家具中，以细腻的镌刻和手工冷印彰显皮革连续表面的视觉愉悦感，打造精致的图形装饰。特殊手工工艺实现皮革前表面弯曲度，而无需内部支撑。Fred写字台的理想伴侣是Ginger座椅，令家庭书房更加完备、和谐。

Fred写字台结构使用鸡翅木色或摩卡色柁木实木，具有三角形截面，彰显轻盈感。构成写字台的抽屉也使用相同的材料和表面处理，安装在金属导轨上，使用缓冲开闭系统。桌面使用来自整张牛皮的Cuoio Saddle Extra皮革，厚度4毫米，无切割或缝线。边缘剪裁整齐，染色并涂有保护蜡。金属配件采用枪管色电镀处理，涂有保护漆料。

## Kensaku Oshiro

# Iren

### CONCEPT

Nel mondo della calligrafia giapponese c'è un'invisibile, ma cosciente, continuità fra punti, linee e caratteri, chiamato "iren" (意連). Questa continuità nei gesti fa sì che i segni siano in perfetta armonia fra loro nonostante sembrano divisi. Anche in un'era come la nostra, così dominata dalla tecnologia, la scrivania Iren ha come spirito non solo la ricerca della bellezza e dell'essenzialità, ma soprattutto il recupero del gesto naturale e armonioso: uno scrittoio che dà vita a nuovi scenari e rituali del lavorare, in un rapporto di naturale fluidità fra il corpo e l'oggetto. Il designer Kensaku Oshiro ha immaginato la scrivania Iren come una piccola postazione domestica in grado di adattarsi agilmente allo stile di vita moderno. Grazie a un semplice gesto, due piani sovrapposti scorrono uno sull'altro creando nuovi spazi di lavoro e di contenimento. La bellezza dello scrittore non è intaccata dai collegamenti elettronici: la predisposizione per la ricarica e le prese USB sono alloggiata in una scatola nera metallica sulla quale poggia il piano superiore, avvolto in un elegante rivestimento in pelle o cuoio. Il ripiano superiore si inclina gentilmente per una sensazione più morbida e un miglior sostegno degli avambracci. La versione a muro può montare sul retro un'illuminazione a led, per rendere più agevole la fruizione della scrivania in condizioni di scarsa luce ambientale.

### CONCEPT

In the world of Japanese calligraphy there is an invisible but deliberate continuity between points, lines and characters called "iren" (意連). This continuous motion ensures that there is a perfect harmony between the symbols even though they appear divided. Even in an era like ours, so dominated by technology, the spirit of the Iren desk lies not only in its quest for beauty and simplicity but above all in its revival of a natural and harmonious action: a desk that gives rise to new work scenarios and rituals in a naturally fluid relationship between body and object. Designer Kensaku Oshiro envisaged the Iren desk as a small domestic workstation that easily adapts to modern lifestyles. Thanks to a simple motion, two overlapping surfaces slide over each other to create new work and storage spaces. The beauty of the desk is not diminished by its electronic connections: its recharging and USB points are located in a metallic black box that supports the upper surface, wrapped in an elegant leather or saddle-leather cover. The gently sloping upper surface ensures a softer feel while also providing better support for the forearms. The wall version can have an LED light fitted at the back so the desk can be used when the natural light starts to dim.

### コンセプト

日本の書道の世界には『意連』と呼ばれる連続する点と線、文字と文字との間に存在する目に見えない意識的な連なりがあります。ジェスチャーにおけるこの連なりはそれぞれ異なって見える点や線の間に完璧な調和を醸し出します。これほどテクノロジーに

支配された我々の時代でもライティングデスク『Iren』には美と本質を追求する精神に溢れているだけでなく、とりわけ自然で調和の取れたジェスチャーの回復:すなわち、身体と物体の間にある自然な流動性の中で仕事の新しい環境と慣習に息を吹き込むデスクです。デザイナーの大城健作は現代のライフスタイルに順応できる家庭の小さなホームステーションとしてライティングデスク『Iren』をイメージしました。単純なジェスチャーで重なり合う2枚の台が上下にスライドし、新たな作業/収納スペースを作り出します。デスクの美しさが電気接続によって損なわれることはありません。チャージャーとUSBポートはレザーまたはなめし皮でエレガントにコーティングされた上部天板を支える金属製のブラックボックスに格納されています。やや傾斜した上部天板がよりソフトな感覚を与え、前腕を最良のポジションで支えます。壁際に置くバージョンでは、周囲光条件があまり良くなっても、より快適にデスクを使用できるよう、裏面にLED照明を取り付けることも可能です。

### 理念

在日本书法界，点、线、字之间存在一种看不见但有意识的连续性，被称为“iren”（意连）。姿态之间的这些连续性使得它们之间似乎分离、但却能和谐共处。即使在我们这个时代——也就是由技术主导的时代，Iren写字台的精髓不只在于对美丽和精简的追求，更在于恢复自然而和谐的姿态：这个写字台为工作中的新场景与新习惯赋予生命，符合身体与物品之间的自然流畅关系。设计师大城健作将Iren写字台想象成一个小家用工作台，能够轻松适应现代生活方式。只需简单操作便可让两个重叠台面中的一个在另一个之上滑动，带来新的工作和容纳空间。写字台的美感没有受到电子连接的影响：充电和USB插座位于黑色金属盒中，盒上是上层台面，表面覆盖优雅的软皮或硬皮。上层隔层板略微倾斜，带来更加柔和的感觉，并能够为前臂提供更好的支撑。对于壁挂式，可在背面安装LED照明灯，以便在环境光线不足时也能更好使用写字台。

Poltrona Frau realizza la scrivania Iren nelle versioni free-standing, con il piano che appoggia su una base a cavalletto in massello di frassino, o a muro, montato a staffe. Lo scorrimento a destra oppure a sinistra è a scelta del cliente al momento dell'ordine.

Il piano utile della scrivania Iren passa da 119 a 149 cm al momento della completa apertura del piano scorrevole. Le parti a vista in legno sono in frassino, disponibile nelle finiture tinto Wengé o tinto Moka. Il rivestimento dei piani può essere in pelle o in cuoio con cuciture perimetrali tono su tono o a contrasto. Il marchio Poltrona Frau è impresso in basso a destra sul piano scorrevole.

The Iren desk by Poltrona Frau comes in a free-standing version, with the desktop supported by a sawhorse base in solid ash, or a wall-mounted version, supported by brackets. The customer can choose whether the desktop slides left or right when making their order.

The work surface of the Iren desk increases from 119 cm to 149 cm when the sliding top is completely open. The visible wooden parts are in ash in either a Moka or Wenge stain. The desktops can be upholstered in leather or saddle-leather with tone-on-tone or contrast stitching around the edges. The Poltrona Frau logo is branded on the bottom right of the sliding surface.

スライド式天板を完全に引き出すとデスク『Iren』の使用可能な表面は119cmから149cmになります。見える部分の木製パーツにはトネリコ心材が使用されており、モカカラー仕上げとウェンゲーカラー仕上げの2タイプがあります。天板のカバー材は同系色または反対色のステッチで縁取りされたレザーまたはなめし皮です。Poltrona Frauのロゴはスライド式天板の右下に刻まれています。

Poltrona Frau提供独立式Iren写字台，其台面架在画架式白蜡木实木基座上，也提供壁挂式，安装在销杆上。订购时，客户可以选择向左或向右滑动。

当滑动台面完全打开时，Iren写字台可用台面长度从119cm增加到149cm。外露木材部分使用白蜡木，分为鸡翅木色或摩卡色表面处理。台面可以表面覆盖软皮或硬皮，周围使用同色深浅或对比色缝线。滑动台面下方右侧烙印Poltrona Frau商标。

## Lella and Massimo Vignelli

# Mesa Due

### CONCEPT

Poltrona Frau ha svolto un interessante lavoro filologico attorno al progetto Mesa: sulla base di alcuni disegni originali firmati da Lella e Massimo Vignelli, sono state realizzate alcune versioni inedite del tavolo originario, denominate appunto, Mesa Due.

Due come le semplici forme geometriche, un cerchio e un cono, accostate fra loro a formare un tavolo di grande personalità e forte segno grafico.

Accanto al modello di tavolo Mesa con piano in ardesia e colonna portante in pietra serena, prendono forma altre dimensioni che ampliano i possibili utilizzi e sfociano nei modelli Mesa Due: il tavolo bistrot di diametro 120 cm, il tavolo da pranzo di diametro 150 o 180 cm e il tavolo rettangolare da 260x110 cm.

Il piano è disponibile in numerose versioni che spaziano dal legno, fino alla pelle e al marmo. Le versioni in legno sono impiallacciate in tranciato di frassino con finitura tinto Moka o Wengé. I tavoli tondi da 120 e 150 cm possono essere anche rivestiti in Pelle Frau® SC. In questo caso il piano è realizzato con doppia pannellatura a bordo smussato. La parte inferiore è verniciata nera testurizzata, quella superiore è rivestita in pelle. A eccezione del tavolo bistrot, tutti gli altri modelli possono montare un top in marmo Calacatta Oro o Fior di Pesco, nelle finiture lucido e semi-lucido.

### CONCEPT

Poltrona Frau has carried out an interesting philological work on the Mesa project: on the basis of a number of original designs by Lella and Massimo Vignelli, it has created a number of new versions of the original table, calling them, fittingly, Mesa Due. Due - two - like its simple geometric shapes, a circle and a cone, combined together to form a table bursting with personality and style.

The Mesa table model with slate top and load bearing column in pietra serena is joined by new sizes that offer a greater variety of possible uses: the Mesa Due model comes as a bistro table with diameter of 120 cm, a dining table with diameter of 150 or 180 cm, and a rectangular table measuring 260 x 110 cm.

The top is available in numerous versions ranging from wood to leather and through to marble. The wood versions are veneered in cut ash wood with moka or wenge stain finish. The 120 and 150 cm round tables can also be upholstered with Pelle Frau® SC leather. In this case the top is made from double panelling with tapered edge. The bottom part is finished with texturised black paint, the top part upholstered in leather. With the exception of the bistro table, all of the other models can be fitted with a Calacatta gold or Fior di Pesco marble top with polished or semi-polished finish.

### コンセプト

Poltrona Frauはプロジェクト「Mesa」を通して興味深い哲学的な作品を制作しました: レッラ& マッシモ・ヴィニェリによるオリジナルのデザインを元に実現された独創的な新作テーブルは、「Mesa Due」と命名されました。円と円錐という2つのシンプルな幾何学的形状を組み合わせることで、グラフィック的効果の強い、非常に個性的なテーブルを創り上げています。

スレート製天板とセレーナ石の支柱で構成されたテーブル「Mesa」に加え、より幅広い用途を提案するサイズの異なるモデル「Mesa Due」: 直径150 cmまたは180cmのビストロテーブルと長方形のテーブル(260x110 cm)が揃っています。

天板は木材、レザー、大理石まで数多くのバージョンからお選びいただけます。木製バージョンはトネリコ合板で化粧張りされ、ウエンゲーカラーまたはモカカラーに染色されています。直径120-150 cmの円形テーブル

はPelle Frau® SCでコーティングすることも可能です。この場合、天板は周縁が丸く加工されたダブルパネルで形成されています。下面はテクスチャードブラックで塗装され、上面はレザーでコーティングされています。ビストロテーブル以外の全てのモデルは、

光沢仕上げ、または半光沢仕上げの大理石製トップ(「Calacatta Oro」大理石または「Fior di Pesco」大理石)を取り付けることができます。

### 理念

Poltrona Frau圍繞Mesa專案展開了一項有趣的語義學工作: 在Lella和Massimo Vignelli設計的原始圖紙基礎上, 製作出幾款前所未有的原創餐桌, 命名為Mesa Due。兩個簡單的幾何形狀, 一個圓環, 一個圓錐, 互相結合, 構成極具個性、具有強烈個性和圖形符號表現的桌子。

Mesa桌款式使用板岩桌面和塞茵那石支柱, 此外還有其它尺寸, 擴展用途, 並發展為Mesa Due款式: 直徑120釐米的餐吧咖啡桌、直徑150釐米或180釐米的午餐桌和260x110釐米的餐桌。

檯面從木質到皮革, 再到大理石, 有多種版本可選。木質檯面版本採用摩卡色或雞翅木色白蠟木片貼面。120和150釐米圓桌也可包覆Pelle Frau® SC軟皮。在這種情況下, 檯面由雙鑲板製作, 邊緣修圓。下部為黑色紋理漆面, 上部包覆軟皮。除了餐吧咖啡桌, 所有其他款式均

Il tavolo tondo da 180 cm può essere accessoriatato con un piano girevole Lazy Susan, composto dall'assemblaggio di due piani rotondi di diametro diverso. Tra i due piani è alloggiato un meccanismo in alluminio girevole su sfere d'acciaio.

La base del tavolo Mesa Due può essere in pietra serena di colore grigio o in acciaio con rivestimento in Cuoio Saddle Extra con cuciture a contrasto o in Pelle Frau® ColorSphere® con cuciture tono su tono. La base in acciaio mantiene la stabilità grazie a uno speciale sistema di contrappesi interni, e dispone di un puntale sagomato in plastica all'estremità, a protezione del pavimento. Il raccordo tra piano e colonna è in tubolare di acciaio verniciato nero su cui poggia una crociera a tre bracci dotati di supporti regolabili per il livellamento del top.

Nel tavolo rettangolare, le colonne di appoggio sono due, con le crociere a tre braccia. Solo per i tavoli tondi da 150 e 180 con top in marmo è previsto un sostegno maggiorato con una crociera a cinque bracci. I tavoli Mesa Due con colonna in pelle o cuoio e top in legno o rivestito in Pelle Frau® possono essere predisposti con una torretta a scomparsa elettrificata, scelta e specificata dal cliente in fase di acquisto.

The 180 cm round table can be assembled with a Lazy Susan consisting of two round tops of different diameters. In this case an aluminium swivel mechanism on steel spheres is fitted between the two surfaces.

The base of the Mesa Due table can be in grey pietra serena or in steel with upholstery in Cuoio Saddle Extra leather with contrast stitching or Pelle Frau® ColorSphere® with tone-on-tone stitching. The steel base maintains its stability through a special system of internal counterweights and has a plastic shaped tip at the bottom to protect the floor. The joint between the top and the column is made of black painted tubular steel to which a three-bracket joint plate is attached with adjustable supports to keep the surface level. In the rectangular table there are two supporting columns and the joint plates have 3 brackets. Only in the round 150 and 180 cm tables with marble top is there a larger support with five-bracket joint plate. The Mesa Due tables with leather or saddle leather column and top in wood or upholstered in Pelle Frau® leather can come with a hideaway electric socket tower, chosen and requested by the customer upon purchase.

180 cmの円形テーブルには、直径の異なる2枚の円形トップから成る回転式天板「LazySusan」を取り付けることができます。両天板の間にはスラストベアリングに取り付けられたアルミニウム製機構が搭載されています。

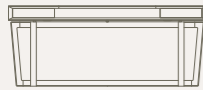

Mesa Dueのベースはグレーのセレーナ石、あるいはなめし皮Saddle Extra(ステッチは反対色)かPelle Frau® ColorSphere®(ステッチは同系色)でコーティングされたスチール製のいずれかのバージョンが可能です。スチール製ベースは内側の特殊なカウンターウェイトシステムによって安定性を維持することが出来ます。また床を保護する成形プラスチック製先端が付いています。天板と支柱の連結部はブラック塗装されたスチールパイプ製で、この上に天板を水平に保つための調節式サポートが付いたクロス式3本アームが挟まれています。長方形テーブルの支柱は2本で、クロス式3本アームが備わっています。天板が大理石製の直径150-180 cmの円形テーブルのみ、クロス式5本アームで補強されています。支柱が革張り/なめし皮張りタイプで、天板が木製またはPelle Frau®でコーティングされたテーブル「Mesa Due」は、購入時にお客様から特別に指定があれば、収納式電化小塔を搭載することが可能です。

可安裝卡拉卡塔金大理石或帕斯高灰大理石檯面，可為亮面或半亮面表面處理。180釐米圓桌可配備Lazy Susan餐桌轉盤，由直徑不同的兩個圓形平面組裝構成。在兩個平面之間帶有一個鋁制裝置，可在鋼球上旋轉。

Mesa Due桌的基座可以為灰色塞茵那石或鋼材，後者覆蓋Cuoio Saddle Extra革並使用對比色縫線，或Pelle Frau®ColorSphere®軟皮並使用同色深淺縫線。鋼制底座通過特殊的內部配重系統保持穩定性，端部具有塑膠成形墊腳，以保護地板。桌面和支柱之間的連接為黑漆鋼管，支撐一個三臂交叉支杆，配有桌面高度調節支架。方桌帶有兩個支柱，配以三臂交叉支杆。僅對於大理石檯面的150和180釐米圓桌，配有五臂交叉支杆的更牢固支撐。

帶有軟皮或硬皮支柱且檯面為木質或包覆Pelle Frau®軟皮的Mesa Due桌，可以安裝電動升降式插座，由客戶在購買時選擇和指定。

# Peek-a-Book

## CONCEPT

La scrivania Peek-a-Book, disegnata da Roberto Lazzeroni, riassume in sé tutte le caratteristiche di eleganza e comfort tipiche di un ufficio Poltrona Frau, trasportandole in ambito domestico. Lazzeroni immagina un piano di dimensioni generose e un design che si sviluppa in continuità con i materiali, il calore e il linguaggio delle sue collezioni per il residenziale, senza però rinunciare a tutte le funzionalità di una "vera" scrivania da ufficio.

La scrivania Peek-a-Book è costituita da un semplicissimo foglio in legno multistrato di pioppo rivestito in Pelle Frau®, curvato e piegato in due a formare il fondo e il piano di scrittura, nonché a racchiudere al suo interno i due cassetti. L'effetto visivo è quello di un prezioso libro rilegato in pelle, che simboleggia la funzione stessa dell'oggetto: la scrivania è infatti il luogo deputato a produrre e a raccogliere le idee, i pensieri, i ricordi; la parte più intima e personale di chi vi studia o lavora.

## CONCEPT

Designed by Roberto Lazzeroni, the Peek-a-Book desk embodies all of the typical elegance and comfort of a Poltrona Frau office, ushering it into the domestic setting. Lazzeroni envisages a generous work surface and a design that revisits the materials, warmth and style of his residential collections while at the same time guaranteeing all of the functions of a "genuine" office desk.

The Peek-a-Book desk consists of an extremely simple sheet of poplar plywood covered in Pelle Frau® leather which is curved and folded in two to form the base and the desktop, as well as to accommodate two drawers. The visual effect is that of a valuable leather-bound book that symbolises the function of the object. In fact, the desk is a place for thinking, collecting our thoughts and looking back over our memories: the most intimate and personal side of the person that uses it to study or work.

## コンセプト

ロベルト・ラッゼローニのデザインによるデスク「Peek-a-Book」は、Poltrona Frauのオフィス製品を特長づけるエレガンスとコンフォートの全てをご家庭にもたらしめます。ラッゼローニがイメージしているのは、ゆったりとした天板を使用したサイズ展開で

あり、オフィス用の「本物」のデスクの機能性を100%維持したまま、自身の家庭用コレクションの素材、熱意、表現法と連関して発達していけるようなデザインです。

デスク「Peek-a-Book」は、Pelle Frau®で上張りしたシンプルなセイヨウハコヤナギの積層板をたわめ、2つに折り曲げて、2段のドロワーが付いた、底部と物を書くためのデスク面を形成しています。レザー装丁の貴重本のようなこの視覚効果は、デスクの機能自体の象徴ともいえます。つまり、デスクとは、事実、アイデア、思考、思い出を生み出し、集積するための場所であり、学ぶ者、働く者にとってもっともプライベートで個人的な場所なのです。

## 理念

由Roberto Lazzeroni设计的Peek-a-Book写字台，汇集了Poltrona Frau办公室典型的优雅和舒适特征，并将其应用到家居环境中。Lazzeroni设想了一个宽大的台面，并且其设计可随着家居系列材料、色度和风格的变化不断发展，但绝不忽视一部“真正”办公桌所应具备的任何功能。

Peek-a-Book写字台由一块非常简单的杨木胶合板薄板组成，覆盖PelleFrau®软皮，弯曲并折叠为两部分，形成底板和写字板，并在中间加入了两个抽屉。视觉效果如同一本用皮革装订的珍贵书籍，象征着这款家具的功能：实际上，办公桌是专门用来产生和收集创意、思想和记忆的地方；对于用其进行学习或工作的人来说，这是最亲密和最私人的部分。

La struttura della base è costituita da un cavalletto in massello di frassino tinto Moka o Wengé a sezione triangolare, che forma tre perimetri a forma di trapezio collegati tra loro da preziosi raccordi lavorati nel legno. Il frontale dei due cassetti è in MDF rivestito in Pelle Frau® abbinata al rivestimento del piano, mentre la struttura interna è realizzata in legno massello di frassino tinto Moka. Il rivestimento del piano, del frontale cassetti, delle pareti laterali e degli sportelli di accesso ai vani posteriori è in Pelle Frau® ColorSphere. Il rivestimento del piano è realizzato mediante una particolare tecnica di ri-

The base structure consists of an easel made from triangular-section solid ash in a moka or wenge stain which forms three trapezium-shaped supports connected to each other with fine joints created in the wood. The front of the two drawers is in MDF covered in Pelle Frau® leather matching the upholstery of the top, while the internal structure is made from solid ash in a wenge stain. The upholstery of the top, the front of the drawers, the side walls and the doors accessing the rear compartments is in Pelle Frau® ColorSphere. The upholstery of the top is produced using a particular covering technique without any visible stitching.

べース構造は、断面が三角形のモカカラーまたはウェンゲーカラーのトネリコ心材製の架台で作られており、これが凝った木工細工の連結具で繋がれた台形の3辺を形成しています。ドローワー2段の前面は、天板の上張りにマッチングするPelle Frau®で上張りされた中密度繊維板製で、内部構造はウェンゲーカラーのトネリコ心材で形成されています。天板、ドローワーの前面、側板、後部スペースへのアクセスドアは、Pelle Frau® ColorSphereで上張りされています。天板の上張りは、特殊なカバー技術を使って、ステッチが全く見えないように仕上げられています。

底座的结构由一个摩卡色或鸡翅木色的三角形截面实心白蜡木台架构成，形成三个梯形周边，并彼此用木材加工而成的精美接头连接在一起。两个抽屉的面板为中密度纤维板，采用与台面覆面相搭配的PelleFrau®软皮覆盖，内部结构则用鸡翅木色的实心白蜡木制成。台面、抽屉面板、侧壁和后部隔间的小门均采用Pelle Frau® ColorSphere软皮覆盖。台面覆面采用特殊的贴面技术制作，没有任何可见的缝线。

在两个中央抽屉的后部，Peek-a-Book写字台配有两个侧门，掩盖了缝隙。隔间专为走线所设计，可用于放置插座，

Dietro ai due cassetti centrali, la scrivania Peek-a-Book è dotata di due sportelli laterali che celano un'intercapedine. I vani sono predisposti per il passaggio cavi e possono essere utilizzati per alloggiare i multipresa oppure per cablaggio elettrico con Schuko o USB.

È possibile anche installare un dispositivo di ricarica a induzione per smartphone sotto il rivestimento in pelle del ripiano, evidenziato da un logo impresso a caldo.

Behind the two central drawers, the Peek-a-Book desk has two side flaps that conceal a hollow space. The compartments are designed to act as a conduit for cables and can be used to house multi-sockets or electric cables with Schuko or USB.

It is also possible to install a smartphone induction charger under the leather upholstery of the desktop, as suggested by the branded logo.

## CONCEPT

La libreria Jobs Bookcase nasce da un attento studio di Rodolfo Dordoni sull'evoluzione dei comportamenti in relazione alle nuove tecnologie e da un'accurata selezione dei materiali: pelle, legni lucidi e opachi e strutture in acciaio satinato arricchiscono in tono sobrio ed essenziale i differenti volumi. Le librerie Jobs Bookcase sono contenitore e libreria insieme, alternano vani a giorno, mensole e vani con ante. Da parete o centro stanza, sono utilizzabili anche per definire, dividere e organizzare gli spazi. Le due tipologie si differenziano per la disposizione degli elementi e dei divisori verticali che, nella variante da parete, sono tutti più arretrati e permettono di ottimizzare gli spazi.

## CONCEPT

The Jobs Bookcase collection is the result of Rodolfo Dordoni's close study of the evolution of behaviour in relation to new technologies and the careful selection of materials: leather, shiny and matt woods and structures in brushed steel enrich the different volumes in a simple, understated way to create new work areas. The Jobs Bookcase High Cabinet and Low Cabinet are both storage units and bookcases, and alternate open compartments with shelves and compartments with doors. Perfect against the wall or in the centre of the room, they can also be used to define, divide and organise spaces. The two versions differ in terms of the arrangement of the elements and vertical dividers which, in the wall variant, are all further back, making it possible to optimise the spaces.

## コンセプト

「Jobs Bookcase」は、ロドルフォ・ドルドーニによる新技術に伴う進化に対する仔細な研究と、レザー、艶やかな木材、艶消しされた木材、サテン仕上げスチールの構造といったシンプルかつナチュラルなトーンの、ボリュームの異なる様々な素材の厳選から誕生した書棚です。収納ケースと本棚が合体した書棚「Jobs Bookcase」ではオープンコンパートメント、棚、扉付きコンパートメントが交互に並んでいます。壁際用または部屋中央に置くタイプがあり、スペースを区分・整理するための仕切りとして使用することも出来ます。書棚のバージョンによって各エレメントや縦仕切りの配置が異なっており、壁用バージョンでは全てがより後退した位置にあります。スペースを最適に活用出来るようになっています。

## 理念

Jobs Bookcase系列源自Rodolfo Dordoni对新科技相关行为发展的专注研究，以及材料的精心筛选：软皮、抛光和哑光木材钢质轧光结构，以稳重精简的色调装饰不同轮廓，并定义全新工作区域。Jobs Bookcase低柜和高柜既是收纳柜，也是书柜，外露隔槽、架板和带门板的隔槽组合而成。既可以沿墙壁摆放，也可以置于房间中央，还可以用于界定、划分、组织空间。依据垂直元素和隔断的布置，分为两种类型，在沿墙壁摆放的版本中，均更加靠后，有助于优化空间。

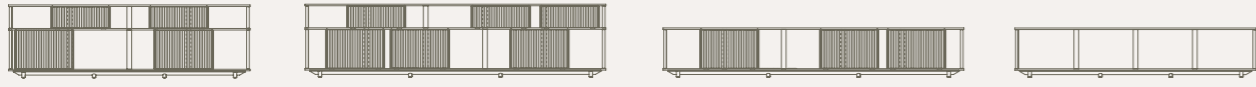

Le librerie Jobs Bookcase hanno mensole in rovere Piombo o Tabacco opaco con spessore importante. Gli elementi divisori a "T", composti da un pannello verticale in legno laccato lucido e pannello di fondo in Pelle Frau®, sono disposti sulle mensole con schema irregolare. I montanti verticali con la caratteristica sezione a "T", elementi identificativi della collezione, sono in acciaio satinato verniciato piombo, fissati alle estremità della libreria. Il tutto in un'alternanza equilibrata di pieni e vuoti. Gli elementi verticali dei divisori sono in legno multistrato di betulla impiallacciato rovere Piombo o rovere Tabacco con finitura lucida, disposti perpendicolarmente alla lunghezza dei ripiani. I pannelli in MDF con rivestimento in Pelle Frau® sono disposti parallelamente alla lunghezza dei ripiani.

Lead-coloured steel for the vertical uprights, with the characteristic T-section common to all Jobs elements. Pelle Frau® leather for the upholstery of the MDF doors. The same material for all of the other elements, shelves, compartments and rear panel: the oak veneer with lead or tobacco stain elegantly alternates glossy and matt surfaces. The structure of the Jobs Low Cabinets is in MDF panels with lead or tobacco oak veneer with glossy finish, with the exception of the top refined with matt finish. The base is in lead-coloured brushed steel with adjustable feet and central connecting crossbar painted in scratchproof texturised black paint. The back of the Jobs Bookcase High Cabinet and Low Cabinet has a tilting door that accesses a little internal compartment which allows cables, which rise from the floor to the top, to pass through the slot that runs along the entire length of the surface.

書棚「Jobs Bookcase」にはリードカラーまたはマットタバコカラーのオーク材の分厚い棚板が備わっています。光沢ラッカー仕上げの木材の垂直パネルとPelle Frau®製バックパネルで形成された「T」字型の仕切りが棚上に不規則に配置されています。コレクションの特徴である断面がT字型の垂直支柱はリードカラー塗装されたサテン仕上げスチール製で、書棚の両端に固定されています。空間の満空がバランスよく交錯しています。仕切りの垂直エレメントは光沢仕上げのリードカラーオーク材またはタバコカラーオーク材で化粧張りされたカバの積層板で作られており、棚板に対して垂直に配置されています。Pelle Frau®でコーティングされたMDF製パネルは棚板に対して平行に配置されています。

垂直支柱使用汞色钢材，采用特色T型截面，是Jobs各款家具的特色所在。中密度纤维板小门板覆盖Pelle Frau®软皮。所有其他元素、架板、隔槽和背板也使用相同的材料：汞色或烟草色橡木贴面与典雅的抛光和哑光表面交替。Jobs低柜结构采用中密度木质纤维板，镶贴汞色或烟草色抛光表面处理橡木，顶板则使用哑光表面处理。底座使用汞色喷漆轧光钢，搭配可调节底脚和中心连接横撑，黑色喷漆，采用防划表面处理。Jobs Bookcase高柜和低柜后侧配有可翻转门板，门后是一个内部小隔槽，用于接出缆线，通过沿整个表面横向排列的沟槽从地板处一直延伸到顶板。

#### CONCEPT

Con i contenitori e librerie Lloyd, Jean-Marie Massaud progetta un intero sistema a geometria variabile, che offre una gamma vastissima di soluzioni diverse per forma, assetto e dimensione. Sottili bacchette di legno verticali formano griglie leggere, che scorrono per tutta la lunghezza su invisibili binari orizzontali. Ogni griglia è spostabile a piacere per creare sequenze sempre diverse. Una partitura cangiante di pieni e vuoti, di luci e ombre. Un gioco sensuale che lascia intravedere il contenuto, libri e oggetti, senza svelarlo del tutto. La tecnologia più evoluta incontra i materiali della tradizione, legno e cuoio, per dare vita a una struttura solida e essenziale.

Gli elementi orizzontali su cui scorrono le griglie sono in stratificato HPL, materiale che anche in spessori molto sottili garantisce stabilità e resistenza, placcato con piallaccio naturale di rovere nella finitura piombo opaco. I montanti verticali in cuoio, sono disposti a distanza regolare l'uno dall'altro, per dare ritmo e esaltare il libero gioco delle griglie. Ogni singola griglia è un minuzioso lavoro di ebanisteria. In massello di rovere, si muove lungo binari intagliati nei ripiani ed è dotata di "pattini" in materiale plastico per diminuire l'attrito. Le bacchette, in massello di rovere, sono intagliate in

#### CONCEPT

With the Lloyd storage units and bookcases Jean-Marie Massaud designs a system of variable geometries. Thin vertical wooden rods create light grilles that run from top to bottom on invisible horizontal rails. Each grille can be moved as desired to create sequences that are different each time. A fluctuating score of solids and voids, of light and shade. A sensual game that offers a glimpse of the contents, books and objects without fully revealing them. The most advanced technology is combined with traditional materials, wood and saddle leather, to form a solid and minimalist structure.

The horizontal elements on which the grilles slide are made from HPL laminate, a material which even in very thin layers guarantees stability and strength, with a natural oak veneer in a matt lead finish. The vertical saddle-leather uprights are placed at regular intervals to give the piece of furniture rhythm and enhance the liberal effect of the grilles. Each individual grille is a painstaking piece of cabinetwork. Made of solid oak, they move along rails carved into the shelves and are furnished with plastic runners to reduce friction. The solid oak rods are cut in different thicknesses and then individually glued by hand. The sides of the structure are closed by fixed solid oak grilles. The Lloyd storage units

#### コンセプト

ジャン・マリー・マッソーが考案した完全な可変式収納/書棚システム「Lloyd」は、形状、整理、サイズの異なる非常に幅広いソリューションを提案します。木製の細い垂直の棒が、棚全体を横断する水平のインビジブルレールに沿ってスクロールする軽快な格子を形成しています。どの格子も好きなように動かせるので、常に変化に富んだシークエンスをお楽しみ頂けます。開いた空間と閉じた空間、光と影が交錯し、変化します。中の本や物を完全に公開せずに垣間見せる官能的な視覚効果を演出します。より進化した技術と、木材やなめし革といった伝統的な素材が融合し、重厚でクリーンな構造に命を吹き込みます。

格子をスクロールさせる水平エレメントには非常に薄く、同時に安定性と耐久性を保證するHPLという素材が使用されており、マットリード仕上げオーク材のベニヤ単板で化粧張りされています。一定間隔で配置されたなめし革の垂直支柱が、格子の自由なレイアウトを際立たせ、リズムを与えます。各格子は家具職人の精密な作業によって一つ一つ丁寧に制作されています。オーク心材を使用した書棚では、格子は棚板に埋め込まれたレールに沿って移動し、摩擦を低減するためにプラスチック素材の「スキッド」が備わっています。オーク心材の棒は様々な厚さに切り抜かれ、一つずつ手作業で接着されています。書棚の両端にはオーク心材の

#### 理念

Jean-Marie Massaud为Lloyd收纳柜和书柜设计了一套灵活的几何系统。纤细的垂直木片构成轻盈的格栅，可以沿隐形水平轨道全长滑动。每个格栅可根据喜好移动，构成多变的序列。虚与实、明与暗相互结合勾勒出的多变图谱。透过这样的感性组合，可以瞥见放在柜子中的书籍和物品，但不会展现全部。最先进的技术与木材和皮革传统材料相结合，带来坚实而简约的结构。

格栅在层压HPL倍耐板水平元素上滑动，尽管这种材料极薄，依然能够保持稳定性和坚固性，其上还贴有哑光汞表面处理天然橡木片。皮革垂直支柱互相之间距离规则，带来节奏感，彰显自由的格栅组合。每一个格栅都是一件小巧的木工作品。以橡木实木为材质，沿隔层内刻轨道移动，配有塑料“滑座”，减少摩擦。橡木实木片切割厚度各不相同，之后手工逐一粘合。置物架侧面以固定式橡木实木格栅封闭。Lloyd收纳柜和书柜分为两款：沿墙壁摆放或置于房间中央。后一版本两侧（前侧和后侧）均具有滑动格栅。沿墙壁摆放的版本则仅在前侧配有滑动格栅，与墙壁接触的后侧使用哑光黑色喷漆中密度纤维板封闭，内表面（底板）可以覆盖皮革。Lloyd书柜和收纳柜支脚使用钢材制成。外侧和前侧支脚使用哑光枪管色喷漆，中央支脚略微靠后，采用哑光黑色漆绘。

spessori diversi e poi incollate a mano una a una. I fianchi del mobile sono chiusi da griglie fisse realizzate in massello di rovere. I contenitori e librerie Lloyd sono disponibili in due varianti: da parete o centro stanza. Quest'ultima presenta griglie scorrevoli su entrambi i lati (frontale e posteriore). La versione da parete ha invece griglie scorrevoli solo sul lato frontale mentre il lato posteriore, a contatto con il muro, è chiuso da un pannello in MDF verniciato nero opaco che, sul lato interno (fondo) può essere rivestito in cuoio. Le librerie e contenitori Lloyd hanno i piedi realizzati in acciaio. Quelli esterni e in primo piano sono verniciati canna di fucile opaco mentre quelli centrali, più arretrati, sono laccati nero opaco.

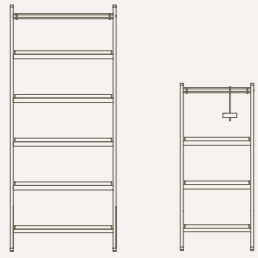

and bookcases are available in two variants: a wall version and a freestanding version. The latter has sliding grilles on both sides (front and rear). The wall version has sliding grilles on the front only while the back, in contact with the wall, is closed by a matt black lacquered MDF panel which, on the inside, can be upholstered in saddle-leather. The Lloyd bookcases and storage units have steel feet. The exterior feet at the front have a gunmetal grey finish while the central feet, set further back, have a matt black lacquer.

格子が固定されています。収納/書棚システム「Lloyd」には壁際に置くタイプと部屋の中央に置くタイプの2つのバージョンがあります。部屋の中央に置くタイプの書棚ではスクロール式格子が両面（前面と後面）に付いています。壁際に置くバージョンではスクロール式格子は前面だけで、壁と接する後面はマットブラックカラー塗装されたMDFパネルで閉じられています。両サイド内側（及び奥）はなめし革でコーティングすることも可能です。外側及び前側の脚はマットガンメタルカラー塗装されています。中央及び後ろ側の脚はマットブラックラッカー仕上げです。

## Ren

## CONCEPT

La libreria Ren arricchisce la collezione omonima disegnata da Neri & Hu. Fil rouge continua ad essere il segno ispirato all'ideogramma cinese "ren", che significa "persona", "essere umano". È un intrecciarsi grafico di linee che comunica un'intima eleganza. Sono piccole, leggere architetture, fatte di geniali sospensioni, giochi di contrappesi, semplici incastri che richiamano una concezione orientale degli spazi e del design, e vengono realizzati con materiali preziosi e tecniche artigianali che appartengono indissolubilmente alla tradizione di Poltrona Frau.

Nella libreria Ren i due montanti laterali, leggermente inclinati, sorreggono i piani degli scaffali in multistrato di betulla impiallacciati sui fianchi in noce Canaletto e rivestiti in cuoio Saddle Extra. La traversa superiore si fissa al muro tramite ganci di ancoraggio in metallo con finitura ottone naturale. La libreria viene proposta nella versione bassa, con vaschetta tonda portaoggetti rivestita in cuoio sospesa alla traversa superiore, e nella versione alta. Si differenziano per l'altezza, la larghezza e il numero di ripiani. Entrambe le varianti possono essere completate dai fermalibri in acciaio spazzolato con finitura ottone naturale.

## CONCEPT

The Ren bookcase enriches the collection of the same name designed by Neri & Hu. The underlying theme continues to be the Chinese "ren" symbol. A graphical weave of lines that exudes intimate elegance. Small, light architectures made up of ingenious suspensions, clever balances, simple interconnections inspired by an oriental concept of spaces and design. And they are produced using fine materials and artisan techniques inextricably linked with the Poltrona Frau tradition.

The Ren bookcase is a graphical weave of lines. The two lateral uprights, slightly inclined, support the birch plywood shelves, upholstered in saddle-leather with a Canaletto walnut veneer on the sides. The upper crosspiece is fixed to the wall using metal hooks with a natural brass finish. The bookcase comes in a low version with a round multi-purpose tray upholstered in saddle-leather hanging from the upper crosspiece, and in a tall version. They differ from each other in terms of height, width and number of shelves. Both variants can be completed with bookends in brushed steel with a natural brass finish.

## コンセプト

書棚「Ren」がネリ&フーによってデザインされた同名のコレクションに新たに追加されました。コレクションの他の製品と同様、「人間」や「人類」を意味する中国の漢字「Ren」(人)に着想を得た輪郭がテーマになっています。線が交差するデザインが、親密なエレガンスを伝えています。独創的なサスペンションシステム、絶妙なバランス、東洋における空間とデザインのコンセプトを彷彿させるシンプルな結合部から成る軽快でコンパクトな構造が、Poltrona Frauの伝統の代名詞である高級素材と卓越したクラフトマンシップを駆使して実現されました。

書棚「Ren」のやや傾斜した両側の支柱が化粧張りされたカバ積層板の棚板を支えています。棚板の両端は黒クルミ製でなめし革Saddle Extraでコーティングされています。ナチュラルプラス仕上げの金属製固定フックを使って上部の横木を壁に固定します。書棚には背が低いバージョンと高いバージョンがあります。低いバージョンでは小物用のなめし革張り円形トレーが横木から吊り下げられています。2つのバージョンでは高さ、幅、棚板数が異なります。どちらのバージョンでもナチュラルプラス仕上げブラッシュスチール製のブックエンドを追加することが出来ます。

## 理念

Ren书柜为Neri & Hu设计的同名系列增添新成员。以中文“人”字为灵感源泉的符号依然是贯穿本设计的红线。图形线条交织，传达最深层的典雅。小巧轻盈的结构，以绝妙的悬挂系统、配重组合、简单的嵌套构成，呼应东方特色的空间设计理念，并使用与Poltrona Frau传统不可分割的珍贵材料和手工技艺。

Ren书柜是图形线条的交织。两个侧支柱略微倾斜，支撑桦木胶合板支撑的书架表面，覆盖皮革，侧面镶贴黑核桃木。上横撑通过采用天然黄铜表面处理金属挂钩固定在墙上。矮版书柜配有圆形置物篮，覆盖皮革，悬挂在上横撑上，高版中也采用了这种配置。区别在于高度、宽度和隔层数。两个版本都配有镀有天然黄铜表面处理的拉丝钢质书挡。
